DAUGAVPILS FORTRESS

1. **DAUGAVPILS FORTRESS**
GPS: 55.883341, 26.499209
2. **DAUGAVPILS FORTRESS CULTURE AND INFORMATION CENTRE**

The symbol of Daugavpils. An outstanding fortification and architectural and town planning monument of State significance. The only early 19th century fortress in Eastern Europe that has remained virtually unchanged. It was created as an ideal fortified city, and nowadays the fortress has become a city in a city with 10 wide streets, 80 buildings, squares and public gardens. The total area of the object situated on both banks of the River Daugava is more than 2 km².

Daugavpils Fortress Culture and Information Centre is established in the former Water-lifting Tower building. Once the building was that was built in 1865 – 1866 assured water supply system for the whole fortress. The vessel of 3000 buckets in volume located in the building was filled

from 3 wells on the bank of the River Daugava using a steam-driven machine. The vessel has been preserved till nowadays in a very good condition, and currently it is a part of the industrial heritage of this building. The Centre offers the main information on the fortress history, current events and development plans.

f daugavpilsvn
@ vienibas_nams

The dominating structure of the historical centre of the Daugavpils is the Unity House built during the years of the First Republic. The Unity House was constructed at the suggestion of the country's president Karlis Ulmanis using donations and funds provided by the state. The corner stone was laid in 1936, and on December 19, 1937, the blessing of the

building and the opening ceremony took place. The Unity House was designed by the architect Verners Vitāds. It was the most modern multifunctional building in Europe housing the Daugavpils theatre, the Latvian Society, a library and other community organizations. At present, the Unity House accommodates the Daugavpils theatre, the Latvian Cultural Centre, "House of Traditions", Tourist Information Centre, the Central Library of Latgale and Family Digital Activity Hub, the US Information Centre, a bank, a café and other institutions.

LARGE STROPU LAKE

GPS: 55.903273, 26.589156

The beaches of the Stropu Lake are the only ones in Latgale that have Blue Flag Award – tourism eco-label. Large Stropu Lake is a great place for rest and leisure activities.

Large Stropu Lake Promenade

There is a 3km long pedestrian pathway on the shore of Large Stropu Lake. The promenade connects the Central Beach and the "Stropu vilnis" Beach.

Central Beach offers a wide choice of leisure activities for everyone – a pedestrian route for walks, a bicycle path for cyclists, a playground for children and an open area for sports activities with the outdoor exercise equipment. There is a unique lake pontoon construction that consists of the lake promenade, the 25-meter outdoor swimming pool with 4 lanes, jumping tower and children's swimming pool.
